

Canadian Task Force on Preventive Health Care

Disclosure Form

Preamble:

The Canadian Task Force on Preventive Health Care (CTFPHC) Disclosure Form will be completed by CTFPHC members prior to each in-person meeting to provide information on financial, business/professional, and intellectual potential conflicts of interest related to the topics addressed.

CTFPHC members are expected to provide full disclosure for new topics, and an updated disclosure, reflecting changes in their situation since the form was last completed, for continuing topics. The

CTFPHC Disclosure Form will also be completed by new CTFPHC members prior to their participation. Completed Disclosure Forms will be kept on file by the Project Lead and posted on the CTFPHC website.

Name: Henry Yu-Hin Siu

I have reviewed my current activities and those of recent years for potential conflict of interest that would impair the scientific integrity of the work of the Canadian Task Force on Preventive Health Care, particularly as they relate to the attached *Affiliations and Interests Checklist*, including financial and/or intellectual affiliations or memberships in associations, research funding, payments, gifts, gratuities, honoraria, advocacy, consulting or other conflicts.

I have also considered the activities of my spouse/common-law partner and immediate family members in so far as they could be viewed to affect my impartiality.

I would like to bring the following to the attention of other members of the Canadian Task Force on Preventive Health Care (check appropriate box and provide details below):

Guideline	Financial	Intellectual	Affiliations/ Memberships	Research Funding	Payments/Gifts	Advocacy	Consulting	Others

Details:

Osteoporosis (Fragility Fractures) - Spouse works at Amgen Canada. Amgen Canada manufactures and distributes denosumab (Brand Name: Prolia) for the management of Osteoporosis. She is not involved in the work relevant to marketing or seeking public/private access for denosumab.

Polypharmacy (Potentially Inappropriate Prescribing) – I am a co-investigator on 2 ongoing CIHR grants with Dr. Dee Mangin on a RCT of an intervention aimed at deprescribing in older adults in primary care and in LTC. Is also a co-author on an upcoming submission on deprescribing of SSRIs with Dr. Dee Mangin in the elderly. Has also received funding from CFN in 2014 and 2016 to support a completed research project looking at a technology to monitor medication adherence in the elderly. Work from this funding has been published in 2 publications in 2017 and 2019. Was a co-author on a publication with CFN on medication optimization in the elderly in 2017.

Lung Cancer - Spouse works at Amgen Canada in the role of “New Product Development Access Lead for Oncology”. Her work involves strategic discussions around gaining public and/or private payer access for a future pipeline drug to treat small cell lung cancer as a second-line therapy or lower.

Prostate Cancer - Spouse works at Amgen Canada in the role of “New Product Development Access Lead for Oncology”. Her work involves strategic discussions around gaining public and/or private payer access for a future pipeline drug to treat metastatic, castrate resistant, prostate cancer as a third-line therapy or lower.

I hereby certify that I am not in a position of real, potential or apparent conflict of interest except as disclosed above.

I undertake to inform the Chair and the Project Lead of any changes in circumstances that may place me in a position of real, potential or apparent conflict of interest.
